**Henry Putney Clough**  
**1902 - 1984**

With respect and affection, this Annual Report is dedicated to the memory of Henry P. Clough. An extraordinary teacher, civic leader, neighbor and friend, Mr. Clough is remembered for integrity, humility, simple wisdom, dry wit, and human kindness. He taught several generations of townspeople and touched countless lives. His civic pride, sacrificial spirit, and devotion to excellence are an enduring legacy to the Town of Mendon.

Born September 11, 1902 in Bow, New Hampshire, he attended Concord High School and Dartmouth College. He began teaching at Woodsville, N.H. and married Maude Laurance, a graduate of Bates College. In 1928, he came to Mendon where he was Principal of Mendon High School for thirty-two years. In 1960, he became Assistant Principal and head of the Mathematics Department of Nipmuc Regional High School.

He did graduate work at Harvard University and the University of N.H. where he received a Master's Degree in Education. He was a member of the Mendon Unitarian Church, a Past Master of Montgomery Lodge A.F. A.M. of Milford, and a Past Master of the Mendon Grange.

Until his retirement in 1967, he was active in civic affairs. He was Director of Civil Defense in World War II, Town Moderator, and Trustee of Taft Public Library. He was chairman of Mendon's 300th anniversary in 1967. After his retirement, the Mendon Center School was named the Henry P. Clough School in his honor.

## REPORT OF TOWN CLERK

We started the year with projection of a hectic time for all involved in elections. Nomination papers and registration of voters had the Board of Registrar's in the Town Hall performing their official acts with a grand total of 295 new voters registered for the year. The poll workers had four elections and for three of them the polls opened at 7 A.M. instead of the usual 9 A.M. as for the Town Election.

I wish at this time to thank all the elected and appointed officials for all the help given me during my 14 years of service. I will retire on June 30, 1985 and leave the office on May 6, 1985 when a new clerk will be elected to this office.

It has been a pleasure to serve as Town Clerk and I sincerely thank the registered voters for their votes during elections and all the residents for their kindness during my years of service.

There were 26 Births, 27 Marriages and 19 Deaths for 1984.

Monies received follows:

Dogs licenses	434	\$ 560.45 To Town Treasurer
Fish & Game		\$1,386.25 To Town Treasurer
Town Clerk's fee for the year		\$1,384.25 To the Commonwealth
		\$1,916.75

Respectfully submitted,

Helen A. Gibson

Town Clerk of Mendon

## REPORT OF PARK DEPARTMENT

The Mendon Park Department respectfully submits this report on programs and projects for the year ending June 30, 1984.

The Town Beach opened June 23. The swimming program was divided into two sessions with a total of 265 children enrolled. The first session was from July 2 through July 19. The second session was from July 20 through August 9. A water safety aid program was offered during the week of August 13.

The beach and recreation program, under the direction of Erin Kelley, provided a wide variety of activities for the youngsters of the town. Daily programs of swimming, arts and crafts, and basketball were provided along with special activities such as: Crazy Hat Day, Doll Show, Bike Hike, Water Carnival and a Field Day. The beach also provides a swim team program which competes in a league that had a very successful record of 4-0 losses. The swim team hopes to expand its schedule for next year.

The care and maintenance of the Town Cemeteries, Founders Park, Library and Memorial Field were contracted to Craig Kaplan, who did an excellent job maintaining these areas.

The Park Department had the parking lot at the Town Beach hard topped, along with the construction of a new raft, bulletin board and numerous repairs to the beach house and recreation area.

The progress with the basketball and tennis courts were slowed because of wet conditions; however, the basketball court will be ready by late spring.

The Park Department is in the process of developing an expanded recreation program, not just a seasonal program from June to September. Families and children will benefit from a well rounded recreation program with a scope of meeting the needs of a growing community.

The goals of the Park Department are to develop the Memorial and Town Beach areas. The future growth of the town may require people of the community to set aside other land areas in the town for active recreation before it is too late!

Respectfully submitted,

DAVID WEATHERBEE  
JAMES GRANT  
JOSEPH BISHOP

## **REPORT OF CENTRAL MASSACHUSETTS REGIONAL PLANNING COMMISSION**

The Central Massachusetts Regional Planning Commission (CMRPC) served the Town of Mendon and thirty-nine additional communities in southern and central Worcester County. For more than 20 years, the CMRPC has been providing a diversified program of local and regional planning services to its member communities.

During the past year the CMRPC continued its planning activities in community development, local technical assistance, transportation, environmental coordination and data services. The following local and regional activities of the CMRPC were of direct benefit to the Town of Mendon.

- Preparation and publication of Regional Transportation Plan Up-Transportation Improvement Program and other specialized transportation studies.
- Publication of census and related data.
- Preparation of A-95 project reviews for proposals seeking federal/state financial assistance.

The CMRPC publishes a newsletter, THE REGIONAL, which highlights the planning activities of the Commission and its member communities. Another publication is the REGIONAL BULLETIN, a planning memo, published periodically to inform and alert local officials of current planning issues and programs. Both of these publications are available to the general public.

During the past year, the Town of Mendon has been represented on the CMRPC by James F. Ruhan, delegate to the Central Massachusetts Regional Planning Commission.

The Commission, William H. Newton, Director and his staff stand ready to serve you. If there are planning services which you would like to see the CMRPC provide during the coming year, please contact your representatives to the Commission or the CMRPC office directly at 756-7717.

Respectfully submitted,

ROGER J. YOST, Chairman  
Central Massachusetts Regional  
Planning Commission

## REPORT OF HOUSING AUTHORITY

To the Honorable Board of Selectmen:

At Sunrise Apartments there are thirty apartments which have been under management since January 1966.

The Mendon Housing Authority has two programs, Chapter 853 Housing for the Elderly and Chapter 707 Rental Assistance for families of low income. Both programs are state funded. Mendon has one unit under the 707 program.

To be eligible for admission the net income limits are as follows:

One person — \$12,404

Two people — \$14,176

Three people — \$15,948

Four persons — \$17,720

or 80% of the Section 8 low income limit for a family in the standard metropolitan statistical area in which the local housing authority is located. Assets should not exceed \$15,000 or one and one half the net income, whichever is greater.

The board members hold their regular monthly meetings on the 3rd Tuesday of the month at 7:30 at the Community Building at Sunrise Apartments and the annual meeting is held on the 3rd Tuesday of May.

The following is a list of board commissioners:

Chairman Joseph F. Bradley

Member Howard F. Miller

6 Hastings Street

Mendon, MA 01756

Term expires May 1985

Two exterior doors were replaced on the Community House this year and hopefully we will continue to replace the others.

Resignations were accepted from Emma M. Barrows and Ralph Deiana. The Authority would like to thank them for their many years of service.

The Authority would also like to express their gratitude to all who have extended their services to the tenants at Sunrise Apartments in the past year.

Respectfully submitted,

CHERRY H. ROONEY  
Executive Director

There were four Officers that received one week of inservice training at the South Suburban Police Institute in Medfield, Mass.

All Officers received trianing and Recertification in C.P.R.

All Officers are now certified First Responders (First Aid) instructed by Mendon Police Officer Mark Bucchino. A certified instructor with the American Red Cross.

All Officers are now certified Intoxilyzer operators and the Chief is now a certified instructor.

The Mendon Police Force now has at its disposal a Drug program purchased by the Mendon Lions Club for presentations at our schools or other drug oriented programs.

Sgt. Auty attended special courses at the South Suburban Police Institute.

The Mendon Police Department suffered the loss of one patrolman in December. Gregory Stratman of Uxbridge resigned to join the M.D.C. Force in Boston.

The Mendon Police Department gratefully acknowledges the excellent cooperation of other departments and Boards during the year 1984.

Respectfully submitted,

GEORGE LARSON  
Chief of Police

A permit is needed for the installation of wood burning and/or all purpose fuel stoves or furnaces. After installation a check is made to insure that there is correct fire protection. All installations must have a U.L. approved label.

Respectfully submitted,  
THOMAS D. HACKENSON  
Building Commissioner

## REPORT OF CONSERVATION COMMISSION

The Mendon Conservation Commission was involved with several environmental concerns in 1984. Work included protecting wetlands and an aquifer, developing a nature trail and a forestry program as well as keeping our streets free of litter and Lake Nipmuc free of nuisance weeds.

The Commission utilized its authority under the Wetlands Protection Act (Mass. General Laws Chapter 131 - Section 40) to regulate proposed work affecting vegetated wetlands, land within 100 feet of wetlands, and land that serves as storage area for flood water during a 100 year flood (floodplain). Orders of conditions were issued to the following people:

1. John J. Gibson for a house lot on Providence Road adjacent to Spring Brook.
2. John J. Gibson for a house lot on Northbridge Road near Crane Pond.
3. Gino Minardi and Joseph Calabrese for the construction of a road at Millbrook Estates subdivision.
4. Minardi and Calabrese for lot 4 at Millbrook Estates.
5. Minardi and Calabrese for lot 5 at Millbrook Estates.
6. Frederic Kelley for work within 100 feet of a seasonal brook and expansion of a farm pond off Millville Road.
7. Michael Tetreault for a house lot on Maple Street adjacent to Willow Brook.
8. Ronald Champney for a house lot on Mowry Street adjacent to a seasonal brook.

Orders of conditions from previous years were renewed for Alfred Carboni for Colonial Estates subdivision road and bridge construction and for W. G. B. Construction Company for Castle Hill Estates road construction. Expansion of the parking lot at the New England Steak House was permitted from a project started in 1981.

In the Conservation Woodlands off Taft Avenue (former Gentilotti land), more trail work was done with the help of neighboring adults and youths, and the Mendon Boy Scouts. A second load of woodchips was donated by the Tree Warden's agent. Materials for four picnic tables were purchased with money donated by the 1983 Christmas Festival Committee. The tables were built by students in the Buildings and Grounds Department of the Blackstone Valley Regional Vocational High School, and moved into the picnic area by the Highway Department.

In the Town Forest off Millville Road, timber has been marked for a selective harvest and thinning to take place in 1985. The purpose of the project is to raise revenue for the town and encourage better growth of remaining wood, as well as provide hiking trails, fire road, and some clear-cut browse areas for wildlife. The town's agent is the New England Forestry Foundation.

Concerned for the protection of ground water in a large aquifer in the region of Mill River, Mill Brook and Muddy Brook, the Commission became a party to an Appeal of a Superseding Order of Conditions for Hopedale Airport Industrial Park.

An agreement was reached with the Industrial Park owners that an access road would not be built onto Hartford Avenue East at this time. (The citizens of Hartford Avenue, who initiated the Appeal, reached an agreement that calls for two monitoring wells in the Industrial Park, annual tests of the citizens' wells, and cleaning up siltation that had already occurred in some wetlands.)

Ground water from the aquifer has been classified as class one or excellent quality for drinking. Preliminary plans have been made for the establishment of an aquifer protection district. The Commission has discussed possibilities of having the district mapped and protected by an aquifer zoning by-law.

The annual town cleanup was held on April 14, 1984. In spite of cool, rainy weather, about 100 people participated in helping to make Mendon's roadsides free of litter. Special thanks were expressed to all who picked up trash or drove vehicles. The Commission also expressed appreciation to the Highway Department, Police Department, Kimball Trucking, Duane Nelson, M and T Trucking, Hood's Enterprises, and the Mendon Lions' Club for their help and contributions.

Lake Nipmuc underwent its annual weed maintenance program in June. Aquatic Control Technology Inc. of Northborough applied the algicides and herbicides. The lake was closed for swimming, boating and fishing from June 11 to June 13.

The Commission monitored some isolated growths of blue-green algae in the lake during the first week of August. It was identified by Aquatic Control Technology. Gerald Smith, president of A.C.T., explained that it was not uncommon for lakes and ponds to have this growth in August, as the water is warm and tends to promote its growth. He said it was non-toxic, but could be a nuisance to swimmers.

A forestry cutting plan was filed with the U.S. Forestry Service for land owned by Hugo Carlson on Uxbridge Road. Work was under the direction of William Corss, a registered professional forester.

Though funding was approved by the Legislature to replace the existing culvert at the outflow of Lake Nipmuc with a better device to limit the peak elevation, no actual construction took place in 1984.

Plans to replace the septic system at the Miscue Beverage Company on Northbridge Road are still being negotiated with state agencies and the Board of Health. The pollution problem at Miscue Brook has been temporarily alleviated by the owner having the sewage pumped and trucked off the premises on a regular basis. The Commission is awaiting compliance with the order of conditions issued in 1981.

F. BLAINE HAWKES, Chairman  
IAN O. DENTON

## **REPORT OF BOARD OF HEALTH**

In the year 1984, considerable time and effort was spent in testing procedures for sewage disposal systems, both new and repair. Perculation and deep hole testing was conducted on over one hundred sites in town. However, interest rates and higher land taxes have had a real impact on the amount of building being done in this town and towns in the area. Solid waste disposal, rubbish, has been and will continue to be a very time-consuming issue. State and federal requirements for landfills has left this state with no future dumping areas. We are going into the third year of our contract with N.E.W.S. and unless things change dramatically in the state, we can look forward to a substantial increase in the following years. The Board has met on a regular basis with local and state officials in an effort to find a solution to this problem. Residents should be aware of this, and as always, the Board strongly urges recycling practices. There is a direct relationship between the amount of trash collected and the cost of the rubbish disposal.

Our full time food inspection program continues to be successful. Additional activities include issuing:

- 40 disposal works permits
- 1 non-alcoholic beverage permit
- 22 food service permits
- 4 syringe permits
- 3 market licenses

Water, conservation and protection is another major concern for the Board. Seminars and intra-town board meetings are planned for the future to educate town residents on the importance and methods of maintaining water purity.

The usual immunization clinics for school children and the elderly were held with great success. We are thankful to the Visiting Nurses Association for their continued good service to the town.

Appointments during the year were:

Helen Gibson	Burial Agent
Wesley Rogers	Animal Inspector
Joyce Gilmore	Health Agent

In closing, we would like to thank the townspeople for their continued support of our endeavors to maintain a healthy environment.

Sincerely,

B. JOYCE GILMORE, Chairman  
WILLIAM BUTLER  
VALERIE R. VINCENT

## **REPORT OF PLUMBING INSPECTOR**

During the year 1984 there were a total of fifty-six (56) plumbing permits issued. Thirty-one of these were for new home construction. The sum of \$1,536.00 was turned over to the Town Treasurer.

Respectfully submitted,

ROBERT J. ROSSETTI  
Plumbing Inspector

## **REPORT OF GAS INSPECTOR**

During the year 1984 there were a total of fifteen (15) gas permits issued. A total of \$243.00 was collected and turned over to the Town Treasurer.

Residents are reminded that if there is any type of work performed on their gas installations or appliances in which lines are disconnected and then reconnected, such work **MUST** be done by a licensed gas installer and a permit **MUST** be obtained for same.

Respectfully submitted,

ROBERT J. ROSSETTI  
Gas Inspector

## REPORT OF BOARD OF SELECTMEN

The Board of Selectmen underwent some changes this year. Mr. Clarence Phipps resigned as Selectman, February 29th due to added commitments of his full time position. The Board was sorry to see him go, as he served the Town well. He first served on the Finance Committee and then served almost two full terms as a member of the Board of Selectmen. Prior to these positions he did serve as a member of the School Committee from Upton. Mr. Rolland Morin, also a Finance Committee member for many years, decided not to seek another term. Two new members were welcomed to the Board after the MAY election. Mr. Robert R. Kelly, a former Finance Committee member was elected to the unexpired term of Mr. Phipps. Mr. Robert Caron, a former Planning Board member was elected for a three year term. After the re-organizational meeting, Mr. Robert R. Kelly was elected Chairman.

The "Circuit Rider" program got off the ground in the beginning of March. This program is being sponsored by the Massachusetts Executive Office of Communities and Development, which will pay the full salary the first year, two thirds the second year and one third in the third year. Expenses and unfunded state portions of the salary are shared equally by the three towns. This position has been responsible for the following projects, soliciting services for professional cutting and trail plans for the Town Forest, funding for safety equipment from the Governor's Highway Safety Bureau, overseeing the repair of the Clough School Roof, contracting services for repowering the Fire Truck, alcoholic awareness program, a Health Care Cost containment study in conjunction with the Town of Upton and Mendon/Upton School District, seeking truck exclusions on Maple and Hartford Avenue East, and participation in a regional housing rehabilitation program and also a regional dispatching and lock-up feasibility study.

The Board decided to proceed again with Cable TV and after appointing a very able Committee, consisting of Louis Carpenito, Lillian and Michael Burnat, bids were put out to be opened May 14th. August 28th a provisional license was granted and signed October 1st.

Chairman Robert R Kelly instituted a new program for the Selectmen. On the off meeting nights, he suggested that one member of the Board be present in the Town Hall to assist any townspeople that may be seeking aid in any problems they may have. He also suggested liaisons for each department from the Board of Selectmen. Robert Kelly would be assigned to the Police, Fire and Highway Department. Fred Kelly would be assigned to the School and Robert Caron, Planning Board, Town Hall, ZBA, Circuit Rider and Board of Health.

Many meetings took place concerning the excess truck traffic on Hartford Avenue East. A group of concerned citizens met with the Selectmen at various times to enlist their aid to divert this commercial traffic to a commercial route instead of a residential area. State and County officials were contacted, as were some of the businesses involved, but as yet this problem has not been resolved.

The Board of Selectmen welcomed the new Superintendent of Schools, Dr. David Crisafulli and wished him well in his new position.

The Board of Selectmen appointed Helen Gibson as Supervisor of the State Census.

Mr. Frederic Kelley suggested that the 2:00 a.m. closing on Fridays for liquor establishments be changed back to 1:00 a.m. The Board voted this unanimously.

Plans for a Town Government Study Committee are being formulated and should be in the working stages by next year.

The Board wishes to thank all the Department Heads, Volunteers, Committees, Town Employees and citizens of our Town who give their support to make our job a little easier and our Town a better place in which to live.

Respectfully submitted,

ROBERT R. KELLY, Chairman

FREDERIC J. KELLEY, JR.

ROBERT CARON

Board of Selectmen

## **REPORT OF PLANNING BOARD**

Robert Caron, who diligently served the Board, was elected to the Board of Selectmen. We wish him well in his new position.

There were numerous 81P plans submitted to the Board this year. These are plans not requiring subdivision approval.

There were no new subdivisions submitted to the Board this year, but one of the largest ever submitted was finalized. Colonial Estates off of Providence Road, got the final go ahead and will contain 61 lots when completed. After many lengthy meetings, the plans for Hilltop Estates, located off of Northbridge Road, were signed. There will be 7 lots when completed. Millbrook Estates, located off of Bellingham Street and containing 6 lots, was also approved.

Respectfully submitted,

PETER I. DENTON, Chairman  
NORMAN I. ROGERS  
RICHARD QUINLAN

## **REPORT OF LIBRARIAN**

To the Trustess of Taft Public Library

The circulation of books for 1984 (179 days), 4429. Circulation by classes was as follows: fiction 1,489; magazines 530; juveniles 1,659; biography 92; history and travel 147; literature and fine arts 125; science and useful arts 240; all other, 144.

During the year 767 new books were added as gifts or purchases from town funds.

We are continuing to weed our collection to keep it contemporary as well as to make room for new books.

The bookmobile from Central Massachusetts Regional Library continues to call regularly. From this bookmobile we are able to get large print editions of popular fiction and non-fiction.

Our library continues to receive many requests for historical and genealogical research, both through the mail and in person.

Interested parents have held library school sessions for pre-schoolers.

The Friends of the Taft Public Library have formed and been of great service to the library. Through them we now have available a copy machine, movie projector and screen. They have held several special children's programs, in addition to some for adults.

Respectfully submitted,

LORNA RHODES  
Librarian

**MENDON-UPTON  
REGIONAL SCHOOL DISTRICT**

**for the  
year ending December 31, 1984**

# **ANNUAL REPORT**

## **MENDON-UPTON REGIONAL SCHOOL DISTRICT**

To the Citizens of Mendon and Upton:

A major responsibility of the Mendon-Upton Regional School District is to create a sound educational program for students. This year great emphasis has been placed on the obtainment of this goal. A cooperative spirit between administration, staff, students, and parents has emerged. A basic premise of raising the educational standard has served as the motivational theme improving our quality of education. Organizational, administrative, and instructional objectives have been formulated. The district has embarked on energetic programs to achieve these goals. The programs initiated encompass improvements in the areas of instruction, plant facilities, student support activities, as well as other school related activities.

The improvement of the school curriculum on a K-12 basis is of high priority. Curriculum teams have been formulated to assess curriculum programs and materials for each discipline area. The need to expose students to computer instruction is being surveyed by the staff and a Computer Task Force. Progress in the purchasing of more comprehensive computer hardware has been facilitated by the donation of a sixteen (16) pupil micro-computer laboratory by Data General Corporation to our district.

The gifted and talented program received a boost in the form of grant funds from the State Department of Education. The formation of a Student Intervention Team was established. This team assists students, identified by staff, having behavioral, academic, or school adjustment problems. The professional team concept explores various learning alternatives and strategies to overcome specific student problems.

The development of a School Skills Program has been introduced in the Middle School. This program has helped middle school students make the school educational adjustments essential for academic success.

Various behavioral standards have been raised by the implementation and upgrading of the Student Discipline Code. The Nipmuc Regional High School and Miscoe Hill Middle School staffs are striving to increase student motivation in order to get students to achieve their maximum potential.

The district has taken a firm stand on the use of drugs and alcohol. In-service programs have been implemented to assist staff and students to better understand the effect of drug and alcohol abuse.

Teacher evaluation practices and philosophy have been updated. Greater emphasis has been placed on the importance of teacher evaluation and effective teaching in raising the educational standards of the school district. The district has formed several community based task forces. Included, are the Computer, Building Utilization, Grade Placements and Resource and Advisory. These committees facilitate exchange of ideas between staff and parents. They have proven to be extremely beneficial and

reflect the collaborative educational spirit between schools and community necessary in developing a challenging educational system.

The maintenance and improvement of plant facilities is, as always, an important and costly part of the school budget. This year, repairs on the roof at Henry P. Clough School in Mendon and Memorial School in Upton were completed. Grants have been submitted to the Massachusetts Department of Education for partial reimbursement toward the costs of the repairs. The heating system at Henry P. Clough School has been improved, thus creating greater fuel efficiency and savings. An energy study of the two schools has been completed and specific energy related repairs suggested. Planning is underway for the renovation of Nipmuc Regional High School gymnasium floor. State aid is being sought to assist in the cost of the floor replacement.

Administrative reorganization of the schools hot lunch program has improved the financial status and the quality of the food. Last year, the program finished in the red. This year, the customizing of the menu and management changes have enabled the program to repay its debt to the school district and still finish in the black.

The Mendon-Upton Regional School program is, quite obviously, in transition. Higher academic and motivational standards for students are paramount goals. Further organization, administrative, and facility changes are planned to promote a positive teaching/learning environment. New goals and expectations are constantly being developed. Planning for next year is already underway and we look forward to meeting the challenge in the pursuit of improving quality education in the Mendon-Upton Regional School District.

Regular School Committee meetings are held at the Blackstone Valley Regional Vocational Technical High School, Pleasant Street, Upton, MA on the third Thursday of each month in the school's Conference Room at 7:30 P.M.

### **DAY SCHOOL**

1. Classes for day school students opened August 23, 1983 and concluded June 13, 1984. One hundred and eighty (180) school days were completed. Regular educational/vocational programs were conducted five and one-half (5½) hours per school day. Student progress reports were issued at the end of each Trimester (November, March and June). The dual program of academic study and specific occupational training was accomplished by alternating two-week cycles.
2. Sixteen (16) distinct vocational/technical programs, designed to prepare young people for gainful employment, were conducted. They were: Air Conditioning/Refrigeration, Auto Body, Auto Technology, Carpentry, Culinary Arts/Baking, Computerized Information Processing, Machine Drafting, Electrical, Electronics, Graphic Arts, Health Services, Machine Shop, Metal Fabrication/Sheet Metal, Painting/Decorating, Plant Maintenance, and Plumbing.

- 3. Special Education services for **one hundred and six** (106) young men and women were provised as prescribed by Individual Education Plans. A very successful program (prototype 502.4), identified as Building and Grounds Maintenance, trained twelve (12) young people for gainful employment.
- 4. Extra-curricular activities in which male and female students participated included:

**Interscholastic Teams:**

Cross-Country	(18)	Baseball	(17)
Soccer	(20)	Softball	(19)
Basketball	(40)	Track/Field	(35)

**Other Activities:** Class Officers, Yearbook, Jr./Sr. Prom, Cheerleading, and Red Cross Blood Drive were experienced.

During the week of May 18, 1984, Seniors were treated and honored with a class banquet and a Recognition Night. Distinguished graduates were publicly recognized with scholarships and awards for their educational/vocational performances.

The English Department sponsored a very creative and successful magazine of student writings called "Beaver Tales". The publication was very well received by the School Committee as evidence of the comprehensiveness of the total educational program.

- 5. A Cooperative Education Program provided one hundred and twenty-two (122) seniors with actual work-experience during the school year. This program has been in place for sixteen (16) years and continues to prove that young people who are educationally and vocationally prepared possess the background for a variety of options upon graduation. Employers have shown great interest and cooperation in this partnership effort for which students are paid for their work at a site.
- 6. Continuing the practice of serving district towns, a major renovation and construction project was undertaken in the town of Northbridge. Students and instructors of the Carpentry, Electrical, Plumbing, Heating/Ventilation/Air Conditioning, and Painting/Decorating programs began work/training at the old Plummer School in November 1983. The former elementary school was transferred to the Northbridge Council on Aging. The three-story building will be converted into a major center for the elderly containing office space, examination rooms, kitchen facilities, dining room and recreation rooms. The entire building will be retrofitted for energy conservation and for handicapped persons. The project is scheduled to be completed for occupancy in March of 1985.

7. Enrollment statistics as of October 1, 1983 were as follows:

8. Graduation exercises were held in the James S. Mullaney Gymnasium on Friday evening, May 25, 1984. One hundred and eighty-eight (188) seniors received diplomas and vocational certificates. There were one hundred and fifty-nine (159) male and twenty-nine (29) female graduates. Chairman Anthony F. Rando (Milford) presented the diplomas. Gregory Cofsky (M.A. in Business) a graduate of the Class of 1975, addressed the Class of 1984. Class officers were: Sharon LeBoeuf (Douglas), President; Kim Collamati (Bellingham), Vice-President; Denise Lomartire (Millbury), Secretary; Lynn Brooks (Douglas), Treasurer.

## ADULT TRAINING

1. Evening School Programs were conducted in the fall (September to November, 1983) and spring (March to May, 1984). Between the two sessions, two hundred and sixteen (216) adults (175 men and 41 women) paid a tuition to receive training in the following programs: Air Conditioning, Auto Body, Carpentry, Computers, Electrical, Electronics, Machine Shop and Welding. The self-supporting adult training program was offered Tuesday and Wednesday evenings from 6:30 PM to 9:30 PM for sixteen (16) nights each semester.
2. The Basic Electronic Assembler Program, supported entirely with a federal grant, trained eighteen (18) men and women for entry level employment in local electronics companies. The program was conducted from 8:00 AM to 3:00 PM daily during October through March. Age of trainees ranged from 18 years to 59 years. Fourteen (14) of the trainees were gainfully employed after the 500 hours of intensive job preparation. Another program was begun in June of 1984.

## PERSONNEL & OTHER

1. Three categories of personnel were employed by the Regional Vocational School District to deliver educational/vocational services. Staffing patterns and numbers of personnel are as follows:

Direct Educational Services (School Year)		Ancillary Educational Services (School Year)		Support Services (School Year)	
Vocational Instructors	37	Librarian	1	Health Nurses	2
Academic Teachers	23	Counselors	2	Cafe. Workers	11
Sp.Ed. & Chp.I		Supervisors	2	Sec./Clerical	3.5
Teachers	5	Coordinators	2	Matron	1
Educational Aides	4	Full Year		Drivers	.5
		Administrators	2	Full Year	
				Facility Mgr.	1
				Custodians	5.5
				Sec./Clerical	3

2. The day school population was transported to and from school throughout the thirteen-town district with twenty-two (22) bus routes each school day. In addition, supplemental transportation was provided on Tuesday and Thursday afternoons for students who were detained for a variety of reasons.

## CONCLUSION

The school year 1983-84, from all perspectives, was successful. Citizens shared with students in the use of the facilities and program offerings. The Three Seasons Restaurant was used, on a regular basis, from September to June between the hours of 11 AM to 1 PM, by the public and various organizations for luncheons. The automotive programs were utilized totally as were the graphic arts, metal and construction programs.

The Vocational Regional School District "passed-through" \$744,893 of Chapter 70 (School Aid) funds to the towns of the district as required by the Commonwealth. Approximately 85% of the school's graduates were employed upon completion of the training programs. Approximately 12% of the graduates were accepted at institutions of higher learning (colleges, universities, community colleges and specialized schools).

Long delayed repairs to the facility were begun. The School Committee commissioned the preparation of a codified manual of its school district policies. The Administration inaugurated a study of the school's Program of Studies scheduled for completion in the school year 1984-85.

The School Committee, Administration, Faculty, Advisory Committees, Students and Support Staff express their genuine thanks to all the citizens of the Blackstone Valley Vocational Regional School District for their help and support throughout the past school year.

Respectfully submitted,

Eugene D. Picard  
Superintendent-Director
